May 29, 2026

Dear students,
Warm greetings to you all!

As Summer Vacation starts, we extend our heartfelt wishes for a joyful and rejuvenating break. In this time of rest and relaxation, it's important to stay productive.

- 1. Balance Relaxation with Productivity:** Find harmony in your days by allocating time for both leisure and academic pursuits.
- 2. Stay Hydrated:** Amidst the hot weather and activities, don't forget to prioritize your health. Remember to drink plenty of water to keep your mind and body hydrated and energized.
- 3. Explore New Interests:** Use this opportunity to explore passions and hobbies outside of your academic curriculum.
- 4. Read Great Books:** It's the best time to engross yourself in the pages of a captivating book.

As always, we are here to support your well-being and personal growth at every step of the way.

Wishing you all a fantastic break filled with joy, relaxation, and exciting discoveries.

Take care!
